

Security solutions

Acmafor® Maximum Security

Modular perimeter fence

Acmafor® Maximum Security

Benefits

- ① Design to prevent scaling, climbing, cuts or passing of objects
- ② Visual control from inside and outside the perimeter
- ③ Complete with security plugins
- ④ Available in Bezinal® wire plus paint that gives it greater resistance to corrosion

¿Why to choose Acmanet?

More than 25 years of experience

Acmanet is a leading company in Chile, offering a wide range of products for all the needs of our customers.

Bekaert world leader

It is the leading company worldwide in the manufacture of wire products.

Modular solution

Perimeter closure of electrowelded fences with polyester paint coating, for applications that require a high security enclosure; ideal for industrial projects, urban security and road works.

Applications

| | | |
|----------------|---|--|
| Industry | > | Companies, industries, data center |
| Urban security | > | Prisons, police stations, military centers |
| Road safety | > | Motorways, roads, interurban roads, walkways |

*Bezinal® coating: Bekaert patented technologically efficient coating combination of Zinc and Aluminum, delivering maximum resistance to corrosion.

Panels

| ↑ (m) | ← (m) | □ (mm) | ∅* (mm) | ⎵ (N°) |
|-------|-------|---------|---------|--------|
| 2.10 | 2.40 | 12,7x92 | 4.50 | 3 |
| 2.45 | 2.40 | 12,7x92 | 4.50 | 3 |
| 3.00 | 2.40 | 12,7x92 | 4.50 | 3 |

Posts

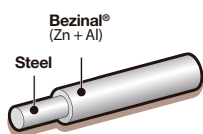

| ↑ (m) | □ (mm) | ⎵ (N°) |
|-------|--------|--------|
| 2.60 | 100x50 | 8 |
| 3.00 | 100x50 | 10 |
| 3.60 | 100x50 | 10 |

* Painted wire Ga 4,5
* wire Bezinal® 4,19
